

Windbourne Wild at Heart “Jane” December 4, 2008 – April 27, 2016

I am heartbroken to share the sad news of our beloved family dog, Jane, passing, over the rainbow bridge. Jane was a black and tan Coonhound, bred by Shelley Campbell of Windbourne Kennel. Her formal name was "Windbourne Wild at Heart". Jane came from champion lines and was a very special dog. She was gentle, but true to her name, wild at heart. Jane was born on December 4, 2008. Carrie brought Jane home in February 2009 as a puppy. Greg fell in love with her so Jane became Greg's dog. Jane grew up with Phineas and our other dachshunds. After Carrie's passing in 2012, Greg took Jane to his home and she loved being with Greg. After Greg's passing in 2014, Jane came to live with me. She was the most beautiful and gentle dog. She loved sleeping on the couch and being with me. She had a great personality. Greg had taught her to smile and she would actually do that on cue. Sadly, her health declined and she suddenly came down with multiple organ failures and passed away on Wednesday, April 27th. All of us who knew her, our family and friends, are saddened and will greatly miss her.
